Message from the Chairman

As we present the 2025–2026 edition of AmCham-Jordan's Membership Directory, we do so with a sense of pride in our community and a renewed commitment to our mission of advancing the Jordan–U.S. business and commercial ties.

Over the past 26 years, our partners and members have demonstrated remarkable adaptability, navigating global shifts and continuing to drive growth. Their ability to stay agile while upholding shared values of excellence and service to country shows the strength of the AmCham-Jordan community.

This Directory represents more than the breadth and diversity of our membership; it reflects the spirit of a business community that believes in the power of partnership. Together, we have built bridges amongst each other, across industries, and between Jordanian and American enterprises.

Looking to the years ahead, AmCham-Jordan remains committed to serving as a dynamic platform for our members, one that listens, adapts, and leads with vision. With flexibility and determination, we will continue to champion and support initiatives that promote sustainable growth, and deepen the bonds between Jordan and the United States.

I take great pride in the achievements of our members and the enduring partnerships that define our Chamber. On behalf of our Board of Directors and Executive Team, I extend my sincere gratitude for your continued trust, cooperation, and engagement.

I also invite you to actively connect, communicate, and make use of AmCham-Jordan's network, resources, and programs. Let us support your growth.

Samer S. Judeh

Chairman of the Board of Directors
AmCham-Jordan

AmCham-Jordan

For More U.S. Jordan Business

The American Chamber of Commerce in Jordan (**AmCham-Jordan**) is a voluntary, not-for-profit, member-based business association established in **1999** with over **250-member** businesses from leading Jordanian industries. **AmCham-Jordan** is affiliated with the **U.S Chamber of Commerce** in Washington, D.C. and is a member of the **AmCham MENA Regional Council** and holds a seat at the OSAC steering committee and is a member of the **OSAC Amman- Chapter**.

Over 25 YEARS
Celebrating over a quarter-century of impact.

OVER 250 Members
Powerful Network of U.S. & Jordanian Businesses

Over the past 26 years, AmCham-Jordan has contributed to strengthening U.S.-Jordan economic relations and advancing Jordan's economy by promoting bilateral trade and investment and enhancing the overall business environment.

Our work spans five core areas:

- **Networking & Matchmaking**
- **Trade & Investment Promotion**
- **Policy Reform & Advocacy**
- **Capacity Building & Upskilling**
- **Business Community Outreach**

Vision & Mission

Our Vision is to be champion of the Jordanian American Business Community to ensure their role as drivers for economic growth and their ability to capture trade and investment opportunities.

We are guided by our Mission to contribute towards economic development through the promotion of U.S.-Jordan trade and investment relations, business development, policy & advocacy, human resources development and business community outreach.

Classic Fashion Apparel Industry Co. Ltd

classic fashion
a touch changes everything

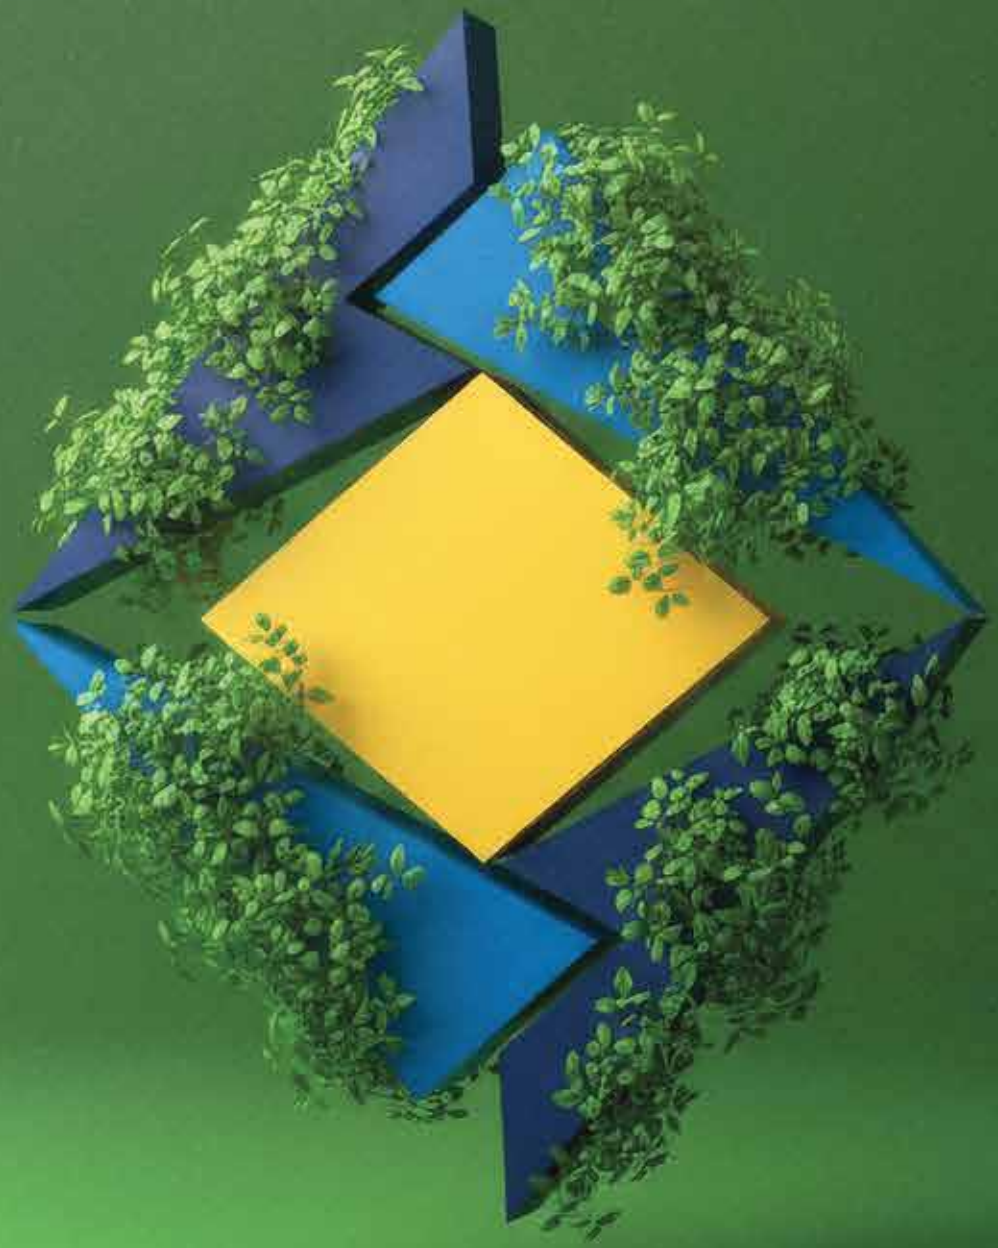

Classic Fashion, based in Jordan, is a truly global enterprise with worldwide sourcing of inputs and global marketing of products. It is the largest apparel manufacturer in the MENA region, with a turnover of USD 612 million in 2020. It produces 450,000 to 500,000 garments per day, with an average run of 200 styles per month, and contributes over %35 of all the garment exports of Jordan.

A well-satisfied workforce of 30,000 from various countries operates 16,000 machines, in 12 factories and 7 satellite units. The company produces about 100 million garments annually, according to the figures for 2020. Using Industry 4.0 factories and machines, the estimated output for 2021 is 130 million pieces with an estimated revenue of USO 850 million.

البنك الأردني الكويتي
JORDAN KUWAIT BANK

Where every step *leaves an impact.*

jkb.com

Jordan Kuwait Bank

البنك الأردني الكويتي
JORDAN KUWAIT BANK

Jordan Kuwait Bank (JKB) was established in 1976 and has grown into one of Jordan's leading financial institutions. With a network of more than 60 branches across Jordan and a presence in Cyprus, the Bank continues to strengthen its footprint and serve a diverse customer base including individuals, SMEs, and corporate clients.

As one of the early adopters of digital banking in the Kingdom, JKB provides advanced, integrated financial services designed to deliver seamless, secure, and innovative customer experiences across mobile banking, online platforms, Interactive Teller Machines (ITMs), and modern payment solutions.

The Bank also maintains strategic ownership in several regional financial institutions, reinforcing its position as a key contributor to regional economic growth.

Guided by a customer-centric strategy and a long-term commitment to modernization, Jordan Kuwait Bank continues to invest in technology, people, and services that support sustainable development and future-ready financial capabilities.

Gulf Insurance Group

Gulf Insurance Group - Jordan was established in 1996, and was known at the time as Arab Orient Insurance. Over the years, the company has successfully worked on improving its insurance services and has become one of the top leading insurance companies up to date. Moreover, the company seeks to make a phenomenal change in the insurance services it offers its customers by aspiring to reach the highest service standards and thus display the upmost levels of expertise with its 22 years of operating in the insurance sector. In 2013, the company merged with gig.

As one of the pioneer well-known companies in the MENA region, gulf insurance group is part of the most diverse insurance groups in terms of written premiums and a strong competitive position in Kuwait and several regional countries in the MENA region with the same level of standards. The company offers different insurance services such as medical insurance, car insurance, public insurance, travel insurance, property insurance, aviation insurance, maritime insurance, energy insurance, and engineering insurance.

Hence, the services offered are catered and designed to meet the needs of customers while offering overall insurance coverage.

Gulf Insurance Group

Furthermore, there are several branches for the company in the Kingdom of Jordan. The company's main branch is located in Jabal Amman while the other branches are located in the Boulevard, Mecca Street, Marka, Al Abdali, Prince Rashid Area (8th Circle), Irbid, and Aqaba. The company is witnessing a fast paced, drastic and noticeable change as seen through its exceptional insurance refurbishment. In addition, the company is proud to be classified as a global insurance company. GiG - Jordan has repeatedly proven its outstanding expertise in the insurance sector field by becoming the first company to receive a B+ (very good) insurance classification from the world insurance classification agency A.M best in 2006. In a remarkable achievement, the Global Credit Rating Agency AM Best has raised the long-term issuer credit rating for gig - Jordan from bbb to bbb+ It stressed the Financial Strength Rating of B++. Meanwhile, the agency has revised the outlook to become stable for both ratings. It is worth of mention that the AM Best Credit Rating for gig- Jordan is considered as the highest granted for a Jordanian Insurance Company in the Kingdom.

بروميين الأردن
JORDAN BROMINE

Jordan Bromine Company

Powering Global Industries from the Heart of Jordan

As Jordan's only bromine and bromine derivatives producer — and one of the world's largest — Jordan Bromine Company (JBC) supplies essential materials to more than 30 countries, contributing over 4% of the nation's merchandise exports and more than USD 2.2 billion in export value over the past five years.

From the Dead Sea to global markets: JBC enables innovation in energy storage, pharmaceuticals, flame retardants, and water treatment — while maintaining a long-standing commitment to sustainability and community development, including JOD 7.4 million invested across the past decade.

Jordan Bromine Co.

بروميين الأردن
JORDAN BROMINE

Jordan Bromine Company (JBC) is the first and only producer of bromine and bromine derivatives in Jordan, proudly operating since 1999 as a strategic joint venture between Arab Potash Company and Albemarle Corporation. Today, JBC stands as one of the world's leading bromine manufacturers, operating the second-largest bromine plant globally and serving as a cornerstone of Jordan's advanced chemical sector.

With internationally recognized certifications including IMDG, ADR, and IATA, JBC is an authorized exporter to Europe and a trusted supplier to more than 30 countries worldwide. Between 2020 and 2024, the company delivered over USD 2.246 billion in exports—marking a remarkable %59 growth compared to the previous five-year period—and currently contributes approximately %4.1 of Jordan's total merchandise exports. These achievements underscore JBC's role as a key contributor to the Kingdom's export competitiveness and industrial development.

JBC's impact extends beyond economic value to meaningful community investment and employment. The company employs over 800 people, including 585 direct employees and 219 contracted staff, demonstrating its commitment to creating quality job opportunities for Jordanians. Over the past decade, JBC has invested JOD 7.4 million in community programs, reinforcing its long-standing dedication to sustainable development, social responsibility, and shared prosperity across the region.

Abour Company PSC

Abour Energy

Abour Energy Company (AEC) is a 51.75 MW wind power plant, established in 2013, in the Hashemite Kingdom of Jordan. The plant consists of 15 wind turbines and a 33/132 kV substation. The company is a joint venture between Xenel and AMEA Wind, with a 20-year offtake from the National Electric Power Company (NEPCO) of Jordan.

The project has been developed in line with the latest government policies specially designed for the energy sector whereas it encourages investments in renewable and sustainable energy.

+962 6 582 8900

Adnan Khudari & Sons Trading Co.

Adnan Khudari & Sons Trading Company is a leading food manufacturing and processing company in the region and was the first to specialize in spice packaging and wholesale distribution, offering support services such as aggregating container loads from multiple Jordanian suppliers, selling containers from Jordan and pallet loads from their Chicago warehouses, support in CPB, USDA, and FDA clearance and approval processes, package and label design.

A third-generation family-owned company dedicated to community development and women's empowerment. Employing over 120 Jordanians, with %70 of them being women.

Producing a wide range of food products in customized packings and formats, offering flexibility in retail and bulk packaging for food service, and ingredients for the manufacturing industries. Product families include all-natural spices, seasonings, all-natural herbs and teas, dessert dry mixes, dressings and syrups, pulses, legumes, and single-use branded sachets. Today, Adnan Khudari & Sons Trading Company exports to 30 countries with the biggest production capacity in both the food production and wholesale industries. Well-known in the technical and quality support industry as ISO 22000 HACCP GMP certified, audited by the USFDA foreign inspection team, trained on FSMA/FSVP requirements, dedicated technical support team, and Halal, Kosher, Vegan, and Gluten testing certified.

+962 6 420 4580

Aghati for Sweets and Ice Cream CO. LTD.

Agha, the Turkish word for master, is the inspiration for the naming of the renowned confectionary shop Aghati.

What started out as a company of customary humble beginnings in 1945 is now a prominent manufacturer of traditional Arabic sweets in the Jordanian market.

Aghati's humble beginnings in the manufacture of traditional Arabic sweets began with the establishment of the company in 1945 in the manufacture of popular sweets, which are customary at that time. This enabled them to be strongly present in the Jordanian confectionery market and in light of the constant development they launched "Aghati Sweets" in the Jordanian market to offer a variety of oriental sweets and ice cream unique, to create a new vision in the field.

Aghati Sweets creates new varieties of different tastes and character while preserving the original taste made by the ancestors and relies on a different presentation style that integrates modernity with authentic history.

+962 6 489 4004

Akram Hasan Al Hamawi Sons Co.

al hamawi
Since 1942

Al Hamawi Roastery was founded in 1945 in continuation of the experiences of their late fathers in Amman. And is one of the first founded roasteries in the city, known for roasting fresh premium nuts.

Al Hamawi proved its excellence between the competitors since day one and until this day it holds a special place in the hearts of its customers.

Today, Al Hamawi owns eight outstanding branches in the Jordanian market where it sells nuts, coffee, jam, syrup, Arabian sweets, noga, chocolates, dates, zaatar, herbs, olives and olive oil, dairy, spices, gifts and pottery.

+962 79 970 0707

Al Balkan Industrial Company (Lacrima)

Founded in 1959, LACRIMA is one of Bulgaria's leading dairy producers, renowned for its high-quality white brined cheese, yellow cheese, and butter. The company's primary facility is located in Pazardzhik, South Bulgaria, near the Rhodope Mountains - an area known for its fertile lands and rich dairy heritage. LACRIMA's production is based on premium local milk and authentic Bulgarian recipes, with every product crafted by skilled cheesemakers using carefully selected cultures and techniques.

As part of its regional expansion, LACRIMA established a second production facility in Zarqa, Jordan, serving the Middle East and Gulf markets with a diverse portfolio of dairy products manufactured under strict quality and safety standards. Rigorous testing procedures ensure consistency, reliability, and superior product performance across all product lines.

LACRIMA is certified under the International Food Standard (IFS), and all products are Halal-certified. The company also holds multiple international accreditations, including ISO, HACCP, FDA-related certifications, and other globally recognized quality and safety approvals - reinforcing its commitment to excellence throughout every stage of the production process. LACRIMA's products have earned international recognition, including two gold medals at the World of Milk International Food Fair in Sofia.

In addition to its strong manufacturing capabilities, LACRIMA continuously invests in innovation, product development, and advanced processing technologies to meet the evolving needs of consumers in both local and international markets. The company's dedication to quality, consistency, and customer satisfaction has strengthened its regional presence and solidified its position as a trusted and competitive dairy brand.

Al Boucai Group

مكتب البقـــاعي للاستشارات الهـندسيه
Al-Boucai Engineering Consulting Bureau

Al Boucai Group was established in 1939, making its mark steadily in several business sectors as: Real Estate, Textile and Stock Trade Markets. In 1984 the group was expanded by establishing "Al Boucai Engineering Consulting Bureau" specialized in engineering consultancy in several areas: architectural, structural, electrical and mechanical engineering. And today, the Bureau also offers the services of project management and interior design with the support of "Ewan Furniture" which was established by the group in 2019 to bring in unique furniture and home accessories.

In 1986, the group started to invest in the energy sector and opened its first fuel station in Amman, and today its network reached to 7 stations across Jordan. Additionally, to keep on with the changes in the energy sector, the group established in 2013 "Be Solar" to provide the Jordanian market with renewable energy solutions. Furthermore, "Al Boucai Group" has representatives on Boards of Directors for several industrial, financial and commercial institutions in Jordan.

American University of Madaba

The American University of Madaba (AUM) was founded upon a visionary initiative by the Latin Patriarch of Jerusalem, who sought to establish a university in Madaba dedicated to dialogue, knowledge, and cultural understanding. After receiving its establishment license in 2005, the cornerstone of AUM was blessed by His Holiness Pope Benedict XVI in 2009, who envisioned it as "a place of understanding and dialogue" and "a stepping stone for personal and community advancement." This vision is embodied in AUM's motto: Sapientia et Scientia (Wisdom and Knowledge). AUM officially began its academic journey in 2011, following accreditation by Jordan's Accreditation and Quality Assurance Commission for Higher Education Institutions. The University's national prominence was affirmed when His Majesty King Abdullah II Ibn Al Hussein inaugurated the campus in 2013, followed by the graduation of its first cohort in 2015.

Today, AUM comprises 7 faculties, offering 19 undergraduate programs and 3 master's programs designed to meet modern educational and market needs. AUM continues to expand academic excellence, innovation, and community engagement.

Committed to achieving global recognition, AUM is actively progressing through the American accreditation process with the New England Commission of Higher Education (NECHE). In 2024, the University achieved candidacy status for accreditation, marking a major milestone in its ongoing journey toward full accreditation. Additionally, AUM is registered as an American university in the Higher Education Department of the State of New Hampshire.

AUM's graduates enjoy an employability rate of %95. Rooted in values, academic rigor, and a global vision, AUM stands today as a dynamic institution dedicated to preparing students for leadership, service, and success in a rapidly evolving world.

Aqaba Digital Hub

Aqaba Digital Hub (ADH) is Jordan's flagship platform for digital innovation and connectivity. Purpose-built to meet the evolving needs of enterprises and technology providers, ADH operates Jordan's largest carrier-neutral and AI-ready data center — among the most advanced and strategically located facilities in the Middle East.

As the landing hub for multiple subsea and terrestrial cables, ADH anchors the new digital corridor linking Europe with Asia through Jordan. Its integrated ecosystem delivers a comprehensive suite of services, including data center operations, fiber internet, Jordan's only and fastest-growing Internet Exchange Point (IXP), public and private cloud and cybersecurity platforms, and VSAT solutions — all engineered to provide secure, high-performance connectivity across the region and beyond.

Beyond infrastructure, Aqaba Digital Hub advances human capital development through its specialized training academy and gaming hub, cultivating innovation, digital skills, and collaboration in emerging technologies.

By leveraging its trusted, neutral platform in Aqaba, ADH enables organizations to scale with agility, accelerate AI-driven digital transformation, deliver exceptional user experiences, and reinforce Jordan's role as the regional gateway between Europe, the Middle East, and Asia.

Astrolabe Company for Restaurants and Tourist Investments

Astrolabe Coffee House was built on a simple belief: a great coffee experience should do more than satisfy a craving—it should bring people together, spark ideas, and leave a lasting impression. Inspired by the astrolabe instrument, a symbol of direction and discovery, the brand reflects a mindset of curiosity, growth, and purposeful movement.

Astrolabe is not a coffee house. It is a community—a space where people come to learn, connect, and feel part of something bigger than themselves. Every detail, from the quality of the beans to the design of the stores, is shaped around creating a place that feels thoughtful, welcoming, and genuinely inspiring.

The brand's vision is to grow into the region's leading positive-change coffee community, where guests feel proud to belong. Through programs like Astrolabe Circles, partnerships with local talent, and a constant focus on excellence, Astrolabe aims to elevate both the coffee experience and the culture around it.

What truly sets Astrolabe apart is its commitment to combining premium coffee, exceptional service, and meaningful community engagement under one brand. It's a place where every visit adds value—whether through taste, conversation, or a moment of inspiration.

+962 6 566 6626

Golden Path Establishment

In the 1940s, Al Nasser family began their journey in America, laying the foundation for a distinguished commercial legacy. In 1997, they established a family business that started with Al-Barka Supermarket, which over time grew into a large hypermarket.

Al-Nasser family expanded their operations, opening a restaurant and later a warehouse for retail and wholesale trade. As the business flourished and its scope was widened, a branch of the company was opened in Jordan in 2012 under the name of our current establishment "Al Maslak Al Thahabi" (The Golden Path Establishment). In 2017, the company obtained a professional trade license and it was officially registered in the commercial registry as a specialized firm exporting Jordanian and Arab food products to the markets in the United States, Australia and Europe, in partnership with Kheder Hussein Attia Company.

The journey of success did not stop there; it extended to include the opening of new branches domestically in Amman and Aqaba, as well as internationally in Syria, which expanded the company's operations and services. Today, the company remains a prominent name in the world of trade and export.

+962 6 533 3332

Hammoudeh Group - Jordan Feed Co.

After Abdel Hadi Hammoudeh's success in chemical trading in the early 1960s. Hammoudeh was founded in 1964 in Amman as a single company for the production of ready animal feed. With humble beginnings, Hammoudeh established his first plant in partnership with Provimi Holland, which reached a capacity of 5 metric tonnes per hour of ready-made feed.

The birth and rise of this establishment opened the door to see Hammoudeh become a leading Jordanian name in agriculture and animal feed products. His experience and enthusiasm for the chemical trading industry was not a thing of the past. He soon after decided to expand his business into the chemical sector, making Hammoudeh the primary agent and distributor for Imperial Chemical Industries (ICI).

Hammoudeh's entrepreneurial nature grew well into the late '60s, as he ventured into the hatchery business by investing in 12 egg hatching machines with a total capacity of around 300 thousand eggs per month. Today, Hammoudeh Group is rated among the top private agricultural and chemical enterprises in Jordan.

Housing Bank

Housing Bank, the largest and most widespread bank in the Kingdom and a leader in the regional banking sector, was established in 1973 with a capital of approximately JD500,000 and was recognized at the time of establishment as the first bank specialized in the provision of housing financing that gave rise to Jordan's urbanization and construction sector. In 1997, and upon the bank's transformation into a commercial bank, its capital was raised several times over the years; the latest increase happening in 2017, with a capital of JD315 million (around $444 million). With its advanced performance, the quality of its assets, the strength of its capital base and its responsive strategy, Housing Bank is entrenched in its position as a landmark financial institution that supports both its individual and corporate clients through innovative banking, financial, and investment services and solutions, which are on par with the leading global services.

Since its establishment, Housing Bank has maintained its pioneering role by introducing innovative concepts and services to the Jordanian banking market. Today, it remains a leader in the banking sector, spearheading Jordan's modern digital transformation revolution.

Housing Bank has been recognized on a local, regional and international level with global awards and certificates of appreciation. The bank operates an extensive network of domestic and external branches in Jordan, Palestine, and Bahrain, in addition to affiliate banks and corporations inside and outside Jordan in Algeria, Syria, London, and representative offices in the United Arab Emirates (UAE) and Libya.

+962 6 416 8003

International Luggage Manufacturing Co. Ltd.

International Luggage Manufacturing Co. Ltd. began its journey in 1998 with the launch of a pilot luggage production project, coinciding with Jordan's designation as a Qualified Industrial Zone (QIZ) by the United States. Backed by a major shareholder with extensive experience in premium luggage manufacturing across China, Hong Kong, and the UAE, the company brought world-class standards to Jordan, producing for leading international brands such as Atlantic, Airway, Pierre Cardin, Delsey, and Samsonite.

Building on early success, the company expanded rapidly between 1999 and 2000. Responding to strong U.S. market demand for duty-free travel luggage, it acquired significant land in Al-Hassan QIZ and developed approximately 65,000 sqm of modern pre-cast concrete industrial facilities. In 2000, the Jordanian Company for Developing Industrial Projects Ltd. was established as a local holding company, strengthening national partnerships and supporting further growth. During this period, the group also launched garment factories that produced apparel for major U.S. brands including Gap, Levi's, Dockers, and Nine West. By 2001, the group was exporting nearly 100 containers of high-quality luggage and garments each month to the United States, employing around 4,000 workers—2,000 Jordanians and 2,000 skilled Chinese professionals.

By 2002, the company strategically shifted its focus, transitioning from luggage manufacturing to a broader garment manufacturing and export operation. In 2008, the business evolved further, concentrating on industrial facility management. It began leasing its high-quality buildings to other garment manufacturers while exploring opportunities to convert industrial spaces into commercial areas that support wholesale, retail, and re-export activities as part of an emerging international commodities marketplace.

Jordan Petroleum Refinery Company

The idea of establishing the Jordanian Petroleum Refinery dates back more than half a century when it was adopted by the Ministry of National Economy at the time, and there was a consensus on the importance of the refining industry as a main energy source for most economic activities and as a contributor to raising the Kingdom's revenues.

Despite being the only refinery in Jordan, it was able to supply the local market with all its needs of various oil derivatives, and its establishment led to the cessation of complete dependence on the import of high-cost oil derivatives, which saved large amounts of hard currency on the Jordanian national economy, provided job opportunities for thousands of citizens, opened the door to other new industries, and contributed to supporting important economic sectors such as electricity, transportation and industry, and construction.

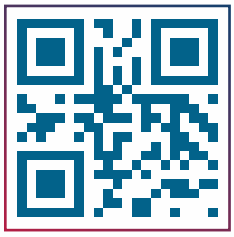

The refinery is also a source of competencies and trained cadres in various fields of specialization, as the company has provided many refineries in the Arab countries with these competencies. The establishment of the company witnessed several founding stages.

Palmera Dates Agriculture and Trading LLC

Palmera was founded in 2019 and has since become a pioneer in transforming the Medjool dates agriculture and industry in Jordan a model we aim to expand to Saudi Arabia and Egypt in the near future. Our medium-term strategy focuses on broadening our global footprint beyond our current markets in Europe, the Middle East, and West Asia, while strengthening our retail presence worldwide.

Our approach is rooted in strategic planning, group sourcing, and close operational management in collaboration with our contract farmers. Through comprehensive agricultural programs, method statements, and peer reviews, we ensure the highest quality harvests supported by a fair and transparent pricing system for farmers.

Palmera has developed two innovative agricultural techniques that lower the moisture content of ripe dates while minimizing yellow crown defects in arid regions. In addition, we've built precise statistical models to forecast harvest yields and invested in state-of-the-art post-harvest machinery that sorts dates by size, external and internal quality, and moisture content — all of which enhance shelf life and product durability.

We proudly hold several international quality certifications, including BRC, ISO 22000, Halal, and Global GAP. All our shipments are certified by Bureau Veritas, and we guarantee that our products are Non-GMO, %100 natural, and free from pesticide residues (MRL-free).

PBI Aqaba Industrial Estate LLP.

PBI Aqaba Industrial Estate LLP has managed and developed the Aqaba International Industrial Estate (AIIE) for over twenty years, since its establishment in 2003 under the Royal Patronage of His Majesty King Abdullah II Ibn Al Hussein.

AIIE is a leading industrial investment estate within ASEZ, spanning 1.7 million m² and hosting diverse industries, including manufacturing, logistics and warehousing, renewable energy, and specialized services. Developed under a concession agreement with the Jordan Industrial Estates Company (JIEC), it has attracted over $ 1 billion in investments as of 2025 and created more than 6,000 jobs. The estate features fully integrated infrastructure, advanced service facilities, efficient transport networks, and comprehensive safety and security systems to support investors' operations.

PBI Aqaba also manages and develops the Quweirah International Industrial Estate (QIIE) under a joint development agreement with ASEZA and ADC. This partnership aims to build world-class industrial infrastructure, attract investment, promote sustainable growth, and support job creation and community development.

Located near high-purity silica sand deposits, QIIE is ideal for industries reliant on silica, such as glass, ceramics, electronics, fiber optics, silicon production, and construction materials. Covering over 1.8 million m², QIIE is Jordan's first industrial estate supplied with natural gas, making it highly suitable for energy-intensive industries by improving efficiency and lowering operating costs. The estate also benefits from world-class infrastructure, an environmentally strategic location, proximity to Jordan's only seaport, and ASEZA investment incentives.

PBI Aqaba offers flexible land purchase and payment options, reducing initial costs and supporting investors' success.

Investment opportunities across AIIE and QIIE span logistics and warehousing, garments, metals and electronics, plastics and packaging, food processing, renewable energy and efficiency solutions, and construction materials.

Petra Engineering Industries

Petra was founded in 1987 with a vision to produce a wide variety of HVAC equipment that meets a diversity of application requirements catering to the worldwide market. The execution of a successful corporate and business strategy soon took Petra to great heights and enabled it to become competitive with long-established companies.

By 1994, Petra expanded its line of HVAC equipment utilizing some of the industry's most advanced machinery, components and raw materials to achieve the highest quality and efficiency standards.

Petra's equipment quickly gained recognition in over 20 countries worldwide. With the advent of the new millennium, Petra was designing and manufacturing a large array of quality HVAC equipment to suit all commercial and industrial applications. Petra's strategic finesse and exceptional products enabled it to enter the US market. As one of the most competitive and challenging markets, the USA symbolized a major milestone of success at Petra. With dedicated drive, Petra continues to export to USA and over 50 countries worldwide.

Ramadan Abu Lebbeh - AlNejmah Sweets

The beginning of the ice cream cones factories was at the seventies, Haj Ramadan Abu lebbeh witnessed his success based on his expertise which is derived from the ancestors, under the name Alnejmah (The Star). He focused the factory activities to the Jordanian local market and later on exporting his products to many countries, GCC markets, Europe, United States and Canada. Mid Seventies the factory was upgraded in Jordan, located at Marka.

Over generations and years, Ramadan Abu Lebbeh Company - Al-Nejmah Sweets worked hard to turn the dream into reality, and today its name has become a symbol of quality and excellence in the world of sweets. Our journey begins from the heart of the authentic Arabic taste, passing through all kinds of luxurious oriental and western sweets to provide a unique experience.

From the sky of Amman to the whole world and for more than fifty years, our star has been launched to be the first choice for all sweets lovers by providing happiness in every bite.

Regional Plastic Packages Co. Ltd.

SHRINK KING
Packaging Solutions
الشركة الاقليمية لصناعة العبوات البلاستيكية
Regional Plastic Packages co.Ltd.

Regional Plastic Packages Co. Ltd. was founded in 1994 and was able over a short period of time to achieve a perceptible success at the local and international markets. We are continually seeking innovative ways to design more effective packaging to meet customer demands.

The company's products, which are used in nearly every major industry, include pressure-sensitive materials for labels packaging, applications; and other bonding solutions for industrial, medical, and retail applications; tags, labels and embellishments of your product.

As we are one of the leading companies, and one of the first companies in Jordan in manufacturing plain and printed PVC heat shrink film, net bags, Aluminum lids, printed carton sealing tape, IML, and chocolate paper in all stages of production. We had the ability to meet the local market demands, we took a step forward to export our products to the neighboring markets such as United Arab Emirates, Iraq, Saudi Arabia, Kuwait, Syria, Sudan, Yemen, Egypt, Oman, Qatar, and Lebanon. Great ambition, hoping in future to spread our factories to cover all The Arab countries, in addition to the current plants in Jordan, Saudi Arabia, and Syria.

We are also sole agents for packaging machinery as we are suppliers for shrink ovens and carton taping machines in Jordan and other neighboring countries.

AlSaid Foundation

The Alsaid Foundation (ASF) is a nonprofit organization based in the United States, established in 2019. Dedicated to youth development and leadership, ASF's mission is to empower young people to realize their full potential by equipping them with the knowledge, skills, and confidence necessary to succeed.

ASF focuses its efforts on three core pillars: education, politics, and entrepreneurship. By nurturing talent and fostering interest in these critical areas, ASF aims to support and advance the future prosperity of society. To achieve this, ASF designs innovative programs and collaborates with local and global partners across diverse fields.

Through various incubators and initiatives, ASF creates environments that stimulate intellectual growth and unlock the full potential of youth. We believe that by supporting the development of a knowledge-based society, ASF contributes lasting value and fulfillment to communities now and in the future.

Al Tamimi & Co.

In 2008, Al Tamimi & Company opened its first office in Amman, Jordan. The Amman office has quickly evolved into one of the most reputable law firms in Jordan, giving it an unparalleled ability to provide high-quality local expertise while drawing upon the full resources of Al Tamimi & Company across the region.

The firm pride themselves on their complete knowledge of the laws and regulations applicable to their home jurisdictions and the commercial community abroad. In Jordan, they advise on some of the country's most innovative and complex transactions, handling all legal aspects of the transaction from providing structuring advice to drafting the required documentation. Furthermore, they regularly assist multinational companies and family owned businesses in establishing operations in the region independently or in association with local partners. Their local clients, many of whom have business interests outside the region and the international organizations with which we work, rely on their global perspective.

Finally, their ability to represent clients before the local courts ensures that they can provide their clients with a truly comprehensive service on the ground.

Alia Specialized Industries Co. (Zaitt)

Founded in 2001, Alia Specialized Industries Co. (Zaitt) began its journey as a producer of premium-quality extra virgin Jordanian olive oil – a tribute to the sacred olive tree deeply rooted in Jordan's heritage. What started as a passion for authenticity and culinary identity with the world. Guided by our respect for this blessed tree and the land it grows on, our company continues to craft exceptional olive oil that reflects the essence of Jordan – a land once walked by prophets and home to the ancient olive oil tree. Our dedicated team works with a shared vision and strong sense of unity, enabling us to meet the challenges of an ever-evolving global market.
In line with our continuous growth, Aliaa Shop was launched as the retail and e-commerce arm of Alia Specialized Industries Co. It serves as a gateway for customers around the world to experience our finest Jordanian products- including premium extra virgin olive oil, luxurious Medjool dates, rich aromatic coffee, and authentic za'atar. Each product represents our commitment to quality, heritage, and the true taste of Jordan.

Imseeh Jewelry

Imseeh Jewelry is a story of success — a tale of how skilled hands can design, carve, and craft a legacy that endures for generations. It all began in 1957, when Karam Imseeh, a young innovator in Amman, began crafting gold by hand, creating and selling exquisite pieces to small shops around town.

In a short time, his passion grew into a thriving enterprise. With twelve dedicated craftsmen, Karam Imseeh established the first jewelry showroom in the heart of Amman’s Gold Market. The business flourished, and what began as a small family workshop evolved into the Imseeh Group of Companies — encompassing wholesale operations, six retail branches across Jordan, retail expansions in Istanbul and Dubai, the launch of Jordan’s first gold refinery, and the development of Imseeh Invest, a cutting-edge app for gold trading.

Today, Imseeh Jewelry stands as a name that resonates in every household — synonymous with the brilliance of diamonds, the glow of gold, and a legacy of craftsmanship and excellence

Kawar Energy PSC

Kawar Energy is the latest member of the Kawar Group, reflecting the Group's long-standing commitment to the energy field, particularly renewable energy. This expansion allows Kawar Energy to build on the Group's extensive experience while driving innovation in clean technologies and sustainable solutions.

Kawar Energy's mission is to provide clean, green, and sustainable energy solutions that help Jordan and the region reduce energy costs and carbon emissions while achieving long-term socio-economic and environmental benefits. The company works with leading global partners in Solar PV and Wind to deliver efficient, high-quality energy systems.

As of 2025, Kawar Energy holds approximately %13 of the distributed energy market in Jordan, serving clients across commercial, industrial, educational, and recreational sectors. Its installations include rooftop, carport, and ground-mounted solar systems.

In addition to its core renewable energy projects, Kawar Energy has expanded its services to include Electric Vehicle (EV) Chargers, Green Hydrogen, Energy Management Systems, Sustainability Services, and advanced Monitoring Platforms and SCADA systems, supporting clients in achieving smarter and more efficient energy operations.

Kawar Energy's management team played a leading role in establishing and guiding EDAMA, a national initiative focused on creating a sustainable energy and water future for Jordan, providing a foundation for the country's green economy.
